

Metamark MD-MW-R10

MetaWalk Textured Floor Graphic

Metamark 'MetaWalk' is a textured media designed for temporary floor graphics, applied to either smooth, indoor floor surfaces in good condition, or indoor short pile carpet.

MD-MW-R10 is a one-part system, which can withstand regular levels of foot traffic and has an anti-slip finish tested in accordance with BS 7676- 2:2002 certification (Slider 96) and UK Slip Resistance Guidelines, as well as tested to DIN 51130:2014, achieving an R10 rating.

MD-MW-R10 gives a highly vibrant print image, retaining greater intensity of the colours, and has a high level of opacity. The self-adhesive 150 micron PVC film with MetaScape air release adhesive allows for clean, easy handling.

Performance you can trust
