

MetaWrap MD-X

Cylinder Cast Digital Wrapping Media with
Blockout MetaScape® System

MetaWrap MD-X is a 50 micron ultra-conformable, extensible digital wrapping media, supplied with the MetaScape® air release adhesive system to allow quick and easy application on compound curves as well as moderate recesses. The soft film has been developed to flow and conform over the most challenging surfaces so it's ideal for total vehicle wraps.

The grey blockout adhesive ensures vibrant graphics and minimal substrate show through. The film offers high levels of dimensional stability and brilliant colour reproduction on Solvent, Eco-Solvent and Latex printers.

Performance you can trust
